

From William R. Fortini, Jr., Retired Archaeologist, Hawaiian Ocean View Estates,
Hawaii Island

I first met Gregory when I became a client of the firm Cronin, Fried, Sekiya, Kekina & Fairbanks where he worked as an attorney. Gregory continues to represent me in that personal injury case that was successfully pursued and is nearing finalization. I have been impressed by Gregory's ability to keep me well informed on the progress of our case and more importantly, ensuring that I had the best medical care directly after the accident and continuing throughout the legal process.

I have come to know Gregory not only as a person who shares a common interest in the archaeology, culture and history of Hawaii but one who is a most capable attorney who always puts my interests first.

Gregory Lui-Kwan is both personable and professional. I recommend him most highly.
